

Ontario Autism Program (OAP) Autism Spectrum Disorder Fundamental Training Course

If you're the caregiver of a child (under 18 years of age) with an Autism Spectrum Disorder (ASD) and have a strong desire to increase your knowledge and understanding of this diagnosis, we have an exclusive offer for you!

Kerry's Place Autism Services is offering this training course as a Foundational Service through the Ontario Autism Program (OAP). Are you ready and able to commit to this intensive, one-day-per-week summer program?

Let our instructors share autism information that will help you understand ASD diagnostic features, approaches, strategies and science that can help you feel better prepared to support your child.

For more information and registration please contact:

Lisa Karacsonyi
